ABOUT THE FIRM

WHO WE ARE

Masekela Masenya Inc is a Pretoria-based law firm delivering direct, personal legal counsel to individuals and businesses across South Africa since 2012.

Founded by Masekela Masenya, the firm was built on one belief: every client deserves access to an attorney who knows their case, answers their calls, and fights for their outcome - not a junior associate.

Over more than a decade, that commitment has grown into a trusted practice spanning commercial law, family matters, labour disputes, estate planning, medical negligence, and criminal defence.

The firm operates from Pretoria's Eastwood district, serving clients across Gauteng and nationally on complex matters. We work with individuals, SMEs, corporates and government entities.

Every matter is handled with the urgency, expertise and discretion it deserves. Our track record is built case by case - because that is how trust is earned.

OUR FOUNDATION

MISSION, VISION & VALUES

MISSION

To provide accessible, expert legal representation that achieves real results - treating every client with the personal attention and strategic rigour their matter demands.

VISION

To be the most trusted law firm in Pretoria - known for winning difficult cases, building lasting client relationships, and making quality legal representation accessible to all.

01 INTEGRITY

We say what we mean and deliver what we promise. No inflated expectations. No surprises. Honest counsel from the first consultation to the final outcome.

02 EXCELLENCE

Every brief, every argument, every document is prepared to the highest standard. We do not cut corners because our clients' livelihoods depend on getting it right.

03 ACCESSIBILITY

Expert legal advice should not be a privilege. We structure our services so individuals and growing businesses can access the same quality of representation as large corporations.

04 RESULTS

We measure our success by our clients' outcomes - not billable hours. Every strategy we employ is oriented toward winning the matter and protecting what matters most.

"The measure of a lawyer is not in the cases won, but in the lives protected."
